February 20, 2013

Dear Life Long Learning Students:

**The inclement weather policy for Life Long Learning is the following:**  
If daytime classes at the Tuscola Technology Center are cancelled due to inclement weather, evening classes at the Tuscola Technology Center and Highland Pines School will also be cancelled regardless of road conditions. *If Highland Pines is closed for daytime classes, Life Long Learning classes (including swim and exercise classes) will still meet as scheduled.*

During the day, if weather becomes inclement, please call our Weather Hotline to see if evening classes are cancelled. Please call 989.672.2224 (press 3) after 2 pm to listen to a recorded message if Life Long Learning classes are cancelled.

The Life Long Learning's inclement weather policy is also sent to each student on the confirmation notice and payment receipt. In the future, it will also be added to the Life Long Learning brochure.

If you have any questions, please call me at 989.673.5300 Ext. 305 or email me at [spetri@tuscolaisd.org](mailto:spetri@tuscolaisd.org).

Sincerely Yours,

Shawn Petri  
TTC Director, CTE
